NATURAL SUN RECOVERY FOR ACTIVE LIFESTYLES

The TARA Sun Restore collection was developed to soothe, heal and rehydrate sun-exposed, dry or irritated skin. We created a natural, aloe-based product line for sun recovery treatments and for use after being out in the elements. We believe that every spa should educate their guests about safe sunning and have natural, healing remedies available for them when needed.

Available in back bar and
retail boutique sizes:

Recovery Gel
Rehydrator Lotion
Lavender Face & Body Mist (Organic)
Cool Mint Lip Balm (SPF 30)
